PREFATORY NOTE.

The University of Madras was founded under the Act of Incorporation XXVII of 1857. This Act was in operation until 1904 when as a result of the Commission appointed by the Government of India in 1902 to examine the working of the Universities under that system, the Indian University Act VIII of 1904 was passed with the intention of reorganising the Universities in India and of enlarging their functions in the matters of University Teaching and of supervision over affiliated colleges. This Act again has been superseded by the Madras University Act No. VII of 1923 which was passed by the Legislative Council of Madras early in 1923, and came into force on the 1st May 1923. This new Act was passed so as to reorganise the University with a view to establishing a teaching and residential University at Madras while enabling the University to continue to exercise due control over the quality of the teaching given by colleges which are to constitute the University or are affiliated to it. The Chancellor, the Pro-Chancellor, the Vice-Chancellor, the Senate, the Syndicate, the Academic Council and the Council of Affiliated Colleges constitute the body corporate of the University. The Governor-General is the Visitor of the University; the Governor of Madras is the Chancellor; the Minister of Education is the Pro-Chancellor; the Vice-Chancellor is a whole-time officer, to whom a salary may be paid, who holds office ordinarily for three years, and is appointed by the Chancellor from among five persons recommended by the Senate. The Authorities of the University under this Act were (1) the Senate, (2) the Syndicate, (3) the Academic Council, (4) the Faculties, (5) the Boards of Studies, (6) the Council of Affiliated Colleges and (7) such other Authorities as may be declared by the Statutes to be Authorities of the University.

But from a practical point of view, the Act of 1923 has not resulted in the rapid development of University activities or in the effective furtherance of schemes which were already under consideration. In order to remove certain ambiguities and duplication of powers vested in the various authorities under the Act of 1923, the University of Madras Amendment Act of 1929 was passed and came into force on the 29th October, 1929. Under the Amending Act, the Council of Affiliated Colleges has been abolished. The Madras University Amendment Act No. XII attempts to remedy the defects of the 1923 Act and it is hoped that it will enable the University to develop more rapidly and successfully along the lines indicated in the preamble to the Act of 1923.

Statute.
Procedure for
Elections with pro-
portional represen-
tation

32. In carrying out the operations prescribed in the Statutes hereinafter contained,

- (i) all fractions shall be disregarded: and
- (ii) all preferences recorded for candidates already elected or excluded from the poll shall be ignored.

Statute
Division into
Parcels according
to first preferences

33. After the invalid ballot papers, if any, have been rejected, the remaining papers shall be divided into parcels according to the first preferences recorded for each candidate and the number of papers in each parcel noted.

34. The number of the papers in all the parcels shall then be added together and the total divided by a number exceeding by one the number of vacancies to be filled, and the result increased by one shall be the number sufficient to secure the return of a candidate (hereinafter called the quota).

35. If at any time a number of candidates equal to the number of persons to be elected has obtained the quota, such candidates shall be treated as elected, and no further steps shall be taken.

36. Any candidate, in whose parcel the number of votes on the first preferences being counted is equal to or greater than the quota, shall be deemed elected.

Statute.
Candidate when
elected.

Statute
Transfer of sur-
plus papers

37. (1) If the number of the papers in any such parcel is equal to the quota, the papers shall be set aside as finally dealt with.

(2) If the number of the papers in any such parcel is greater than the quota, the surplus shall be transferred to the continuing candidates indicated on the ballot papers as next in the order of the voters' preference, in the manner prescribed in the following Statute.

38. (a) If and whenever as the result of any operation prescribed by these Statutes a candidate has a surplus, that surplus shall be transferred in accordance with the provisions of this Statute.

Statute
Surplus how
dealt with

(b) If, in ascertaining the number of papers to be transferred from a sub-parcel, fractional parts are found to exist and if, owing to the existence of such fractional parts, the number of papers to be transferred is less than the surplus, as many of these fractional parts taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractional parts shall be ignored. If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the larger which arises from the larger sub-parcel, and if the sub-parcels in question are equal in size, preference shall be given to the candidate who obtained the larger number of original votes.

(c) If more than one candidate has a surplus, the largest surplus shall be dealt with first and the others in order of magnitude; provided that every surplus arising on the first count of votes shall be dealt with before those arising on the second count, and so on.

(d) Where two or more surpluses are equal, the Vice-Chancellor shall decide, as hereinafter provided in Statute 43, which shall be first dealt with.

(e) (i) If the surplus of any candidate to be transferred arises from original votes only, all

the papers in the parcel belonging to the candidate whose surplus is to be transferred shall be examined and the unexhausted papers divided into sub-parcels according to the next preference, recorded thereon. A separate sub-parcel shall also be made of the exhausted papers.

(ii) The number of the papers in each sub-parcel and the total of all the unexhausted papers shall then be ascertained.

(iii) If the total number of the unexhausted papers is equal to or less than the surplus, all the sub-parcels shall be transferred to the continuing candidates.

(iv) If the total number of the unexhausted papers is greater than the surplus, there shall be transferred from each sub-parcel the number of papers which bears the same proportion to the number of papers in the sub-parcel as the surplus bears to the total number of unexhausted papers.

(f) If the surplus of any candidate to be transferred arises from transferred as well as original votes, all the papers in the sub-parcel last transferred to the candidate shall be re-examined, and the unexhausted papers divided into sub-parcels according to the next preference recorded thereon. The sub-parcels shall then be dealt with in the same manner as is provided in the case of the sub-parcels referred to in clause (e).

(g) The papers transferred to each candidate shall be added in the form of a sub-parcel to the papers already belonging to such candidate.

(h) All papers in the parcel or sub-parcel of an elected candidate not transferred under this Statute shall be set aside as finally dealt with.

39. (1) If, after all the surpluses have been transferred as hereinbefore directed, less than the number of candidates required has been elected, the candidate lowest on the poll shall be excluded from the poll and his unexhausted papers distributed among the continuing candidates according to the next preferences recorded thereon. Any exhausted papers shall be set aside as finally dealt with.

(2) The papers containing original votes of an excluded candidate shall first be transferred.

(3) The papers containing transferred votes of an excluded candidate shall then be transferred in the order of the transfer in which he obtained them.

(4) Each of such transfers shall be deemed to be a separate transfer.

(5) If the total of the votes of the two or more candidates lowest on the poll, together with any surplus votes not transferred, is less than the votes credited to the next highest candidate, those candidates may, in one operation, be excluded from the poll and their votes transferred in accordance with the directions given in clauses (1) to (4) above.

(6) The process directed by this Statute shall be repeated on the successive exclusions of the candidates lowest on the poll until the last vacancy is filled either by the election of a candidate with the quota or as hereinafter provided.

40. If as a result of a transfer of papers under these Statutes the number of votes obtained by a candidate is equal to or greater than the quota, the transfer then proceeding shall be completed but no further papers shall be transferred to him.

41. (1) If after the completion of any transfer under these Statutes the number of the votes of any candidate shall be equal to or greater than the quota, he shall be deemed elected.

Statute (2) If the number of the votes of any such candidate shall be equal to the quota, the whole of the papers on which such votes are recorded shall be set aside as finally dealt with.

(3) If the number of the votes of any such candidate shall be greater than the quota his surplus shall thereupon be distributed in the manner hereinbefore provided, before the exclusion of any other candidate.

Statute

Distribution of surplus 42. (1) When the number of continuing candidates is reduced to the number of vacancies remaining unfilled, the continuing candidates shall be deemed elected.

(2) When only one vacancy remains unfilled and the number of the votes of some one continuing candidate exceeds the total of all the votes of the other continuing candidates, together with any surplus not transferred, that candidate shall be deemed elected.

Statute

(3) When only one vacancy remains unfilled and there are only two continuing candidates, and those two candidates have each the same number of votes and no surplus remains capable of transfer, one candidate shall be excluded under the next succeeding Statute, and the other deemed elected.

43. If when there is more than one surplus to be distributed, two or more surpluses are equal, or if at any time it becomes necessary to exclude a candidate and two or more candidates have the same number of votes and are lowest on the poll, regard shall be had to the original votes of each

Statute

candidate, and the candidate for whom fewest original votes are recorded shall have his surplus first distributed, or shall be first excluded, as the case may be. If the number of their original votes is the same, the Vice-Chancellor shall decide by lot which candidate shall have his surplus distributed or be excluded.

Statute
Recounting of
ballot papers.

44. Any candidate or his agent may at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes (whether surplus or otherwise), request the Vice-Chancellor to re-examine and recount the papers of all candidates or of any candidate (not being papers set aside at any previous transfer as finally dealt with), and the Vice-Chancellor shall forthwith re-examine and recount the same accordingly. The Vice-Chancellor may also at his discretion recount votes, either once or more often, in any case in which he is not satisfied as to the accuracy of any previous count, provided that nothing herein shall make it obligatory on the Vice-Chancellor to recount the same votes more than once.

Statute

45. The Vice-Chancellor shall then declare the names of the candidates who have been duly elected.

46. The Registrar shall prepare a form showing—

(b) for being sent by ordinary post or in other than the prescribed ways,

- (g) that he has paid all fees or other moneys due to that institution in respect of the last term in which he was enrolled, and a certificate of Medical Inspection, if any, from the school in which he last studied.

No student shall be enrolled pending the production of such certificate. Every such certificate shall be endorsed with the admission number under which the student is enrolled and shall be filed for reference and inspection.

Certificates of Medical Inspections. 2. A student admitted to a College shall be required to undergo a Medical Inspection within the first term of the first year of the Intermediate Course and a re-inspection during the first term of the Junior B.A. Course. A student proceeding from one College to another

shall be required to produce, along with his Transfer Certificate, the Medical Certificate given in the previous College. Before admission to the B.A. Course the student shall be required to produce his Certificate of Medical Inspection given during the Intermediate Course.

Such medical inspection shall be conducted by a Doctor possessing the University Qualification of L.M. & S., or M.B. & B.S., or a registrable British Qualification.

In a case where a College has difficulty in arranging for Medical Inspection, a report should be made to the Syndicate by the College in question.

3. A student applying for a transfer certificate during a college term on any day of which he has been enrolled, or applying not later than the fifth working day of the college term immediately following shall forthwith be given such certificate upon payment of all fees or other moneys due, or of such portion thereof as the Principal may see fit to demand, for the college term in which he was enrolled.

A student applying for such certificate after the fifth working day of the college term immediately following that during which he has been last enrolled shall forthwith be given it on payment of (1) all fees or other moneys due, or of such portion thereof as the Principal may see fit to demand, in respect of the college term in which he was last enrolled, and (2) an additional fee of Rs. 3 at the option of the Principal.

Provided that, when a student has been enrolled at favourable fee rates, he shall be liable for such rates only.

No student shall be considered to have been enrolled in any college term unless he has attended the college and received instruction for at least one day of that college term or has paid the fees or portions thereof prescribed.

In the case of a student who has been a candidate for a University Examination, the results of which have not been published before the beginning of the college term,

the eleventh day after the results of that examination have been announced at the Senate House shall be counted for him the first working day of the college term so far as the grant of a transfer certificate is concerned.

In the event of a Principal refusing or delaying to give a transfer certificate to which a student may be entitled the student shall have right of appeal to the Syndicate.

4. If any student is expelled from a constituent or an affiliated college, intimation of the fact of expulsion, with a statement of the reasons therefor, shall be given forthwith by the Principal (a) to the parent or guardian of the student, (b) to the Syndicate; intimation to the Syndicate shall be accompanied by the transfer certificate of the student. The Syndicate, on the application of the student or his parent or guardian, may after making such enquiry as it deems proper deliver the certificate to the student with any necessary endorsement or withhold it temporarily or permanently.

5. The academic year for colleges affiliated in Arts, Teaching and Law shall consist of three terms, which shall ordinarily begin and end as follows:—

First term—June to September, closing with the Michaelmas holidays.

Second term—October to December, closing with the Christmas holidays.

Third term—January to April, closing with the Summer holidays.

6. A student shall ordinarily qualify for the annual certificate in one and the same college, but in special cases the Syndicate may allow attendance in different colleges to be combined for the purposes of the annual certificate.

7. A student in the Arts Courses desirous of transfer from one college to another shall apply to the *Syndicate* for permission to combine attendances at the two colleges, for purposes of the annual certificate. Such applications shall be submitted in every case prior to making the desired transfer and shall furnish valid reasons for the change proposed. This rule applies to a transfer during a term as well as to a transfer at the end of an academic year when an additional term is proposed to be kept in a different college. An application to combine attendances shall invariably be accompanied by (1) the written consent to the proposed transfer of the Principal of the College in which the student is studying and (ii) the written promise of admission from the Principal of the College which he proposes to join, together with an assurance countersigned by the latter Principal that the student, if permitted by the *Syndicate* to combine attendances, will, in the main, be able to continue in his college the course of study already commenced by the student under each part of the examination.

In the case of a student in Arts who has been permitted to combine attendances in two Colleges, the annual certificates will be accepted as satisfying the Regulations provided the student has kept either

(a) three quarters of the possible attendances in each College before and after his transfer respectively,

or

(b) three quarters of the combined total of possible attendances in the two Colleges taken together.

8. In colleges affiliated in Arts, Teaching and Law the grant of the annual certificate shall be in respect of three terms ordinarily consecutive comprising one year; but it shall be competent for the authorities of an affiliated college to grant such certificate in respect of three terms which are not consecutive, provided that the

Conditions of

student has during those terms completed the necessary courses of study for the year.

9. The grant of the annual certificate shall be subject, in addition, to the following conditions:--

(2) In colleges of Science the certificate shall not be granted unless a student has kept three-fourths of the attendances prescribed by the college in the course of instruction followed by him during the year, in colleges in Medicine unless he has attended four-fifths of the lectures in each course and in colleges of Engineering unless he has kept three-fourths of the attendances prescribed by the college.

(3) The certificate shall not be granted unless the student has completed the course of instruction to the satisfaction of the authorities of his college and his progress and conduct have been satisfactory.

10. In the Intermediate or the Pass B.A. Degree Course a student who has failed to earn the progress certificate at the end of the first year's course shall be required to rejoin the first year class for another full year.

Students for want of Progress Certificate to undergo additional instruction.

A student who has not been selected for the March-April University Examination but who at the close of the academic year is certified by the Principal to have made such satisfactory progress that he may be admitted to examination, may appear for a subsequent examination without further attendance at a college, provided that he has earned the necessary attendance certificate.

A student who has failed to earn the progress certificate for the second academic year must attend college to receive such additional instruction as the Principal may, in his discretion, prescribe so as to enable him to earn the required progress certificate.

The Regulations governing attendance and progress and combination of attendance shall apply *mutatis mutandis* to students in the Faculty of Law.

***FINANCIAL AND ACCOUNT RULES**

CHAPTER I

INTRODUCTION

The rules in this chapter and in the next shall be called the Financial and Account Rules respectively of the Madras University. These rules are inter-related and they are intended to serve as guidance of the various officers and servants of the University, the authorities of the University and of the Audit Department. These rules do not supersede the provisions of the Madras University Act of 1923 and of the Laws of the University but supplement the instructions contained therein. The term "Act" wherever used in these rules shall mean "The Madras University Act of 1923." The primary responsibility of enforcing strict compliance with the provisions of these rules by the various officers and servants of the University shall rest with the Syndicate. Any modifications or additions to these rules shall require the approval of the Senate.

FINANCIAL RULES

1. Save as otherwise provided in the Laws of the University or in these rules, the Syndicate shall bring every item of expenditure under its direct control and see that no expenditure or liability is incurred without its previous sanction.

2. Save as otherwise provided in the Laws of the University, no scheme of any kind to be financed either by the Government or by the University shall be undertaken by the Syndicate without the previous approval of the Senate.

3. No powers vested in the Syndicate by the provisions of the Act or of the Laws of the University in regard to financial matters shall be delegated to, or exercised by, any Officer of the University or other person or persons without the specific sanction of the Senate.

*The Financial and the Account rules were adopted by the Senate at its meeting held in October 1927.

4. No authority or Officer shall exercise its or his powers of sanctioning expenditure to pass an order which will be directly or indirectly to its or his own advantage.

5. The Syndicate, or any officer to whom a financial delegation has been made shall not incur any expenditure which involves or is likely to involve at a later date expenditure beyond its or his powers of sanction.

5. (a) The mere fact that a certain expenditure or class of expenditure has been provided for in the sanctioned budget estimate or can be met from the anticipated or actual sayings under any head is no authority for any officer to incur without obtaining the sanction of the competent authority.

6. The conditions which govern the delegation under these rules to any officer of the University shall be incorporated in the financial rules from time to time.

7. The Syndicate shall have power to write-off the irrecoverable value of shortage of stock or irrecoverable loss of money occasioned by fraud or neglect of duty of University officers and servants, or, otherwise, up to a total limit of Rs. 250 in a year. The writing-off of amounts exceeding this limit in a year shall require the sanction of the Senate.

8. All arrear or supplemental claims not preferred within 6 months of their becoming due shall be investigated by the Syndicate and paid under its orders. Arrear or supplemental claims not preferred within one year of their becoming due shall likewise be investigated and may be paid by the Syndicate. Any such payment shall be reported to the Senate at its next meeting. The date of the claim shall be deemed to commence from the date on which services have been fully rendered or supplies actually made and received by the University offices concerned.

9. Save as otherwise provided in these rules, arrangements for the purchase of articles, for printing and binding works of over Rs. 500 and for works of construction and repairs including electric fittings and repairs of over Rs. 750

shall be made only by inviting competitive tenders as hereunder.

10. The Registrar shall invite tenders in the manner prescribed in rules 13 to 17 in respect of any article or group of articles that may be purchased in a year, if its cost exceeds Rs. 500 and in respect of original works and repairs including electric fittings and repairs, if the estimated cost exceeds Rs. 750.

11. Tenders shall be invited for all articles of stationery including paper for office use and printing purposes and paper to be supplied by the University to its printers, exception being where such articles are purchased from the Superintendent of Stationery, Madras.

12. Tenderers shall ordinarily be asked to offer their rates against the details of the work furnished in the tender form, for all or any of the classes of printing and binding.

13. The Registrar or any other officer of the University authorised to invite tenders for printing and binding works shall maintain a list of all printing and binding works usually executed for the University. Any additions to, or deletion from, the list will require the previous sanction of the Syndicate.

14. The tender forms to be issued shall contain detailed specification for each unit of work to be executed or article to be supplied and shall be those approved by the Syndicate.

15. All round rates complete with cost of printing, etc., shall ordinarily be called for in all cases. Where, however, it is not possible to do so, the tender form supplied by the University office to the tenderers shall contain the details of printing and binding work of the University against which the tenderers should be asked to record their rates in figures as well as in words.

16. Whenever tenders are called for, the Registrar who is authorised to purchase materials or arrange for the printing and binding works of the University and for supplies and services connected with the works of construction

and repairs including electric fittings and repairs by calling for tenders shall invite sealed tenders for the purpose in the most open and public manner possible, i.e., advertisement in the *Fort St. George Gazette* and daily papers specified in this behalf by the Syndicate, circular communications to reputed dealers and contractors and hanging the tender notification in a prominent place on the walls of the University offices, provided that in cases in which the estimated value of supplies and services in respect of which tenders are to be invited, does not exceed Rs. 1,500, it shall not be necessary to publish the tender notification in the daily papers.

17. The advertisements and circular communications should state the place where, the last date on which, and the time when, tenders are to be submitted and also the place where, the day on which, and the time when, they will be opened.

18. In the case of contracts for supplies and services which are estimated to cost more than Rs. 5,000, at least one month's time from the date of tender notification shall be allowed to tenderers for the submission of the tenders to the University officer mentioned in the notification. In all other cases the time allowed shall be at least three weeks.

19. No tender shall be accepted from any employee of the University.

20. The sealed covers, as they are received, should be kept in the personal safe custody of the Registrar, till the hour at which they are to be opened as specified in the tender notification.

21. The Registrar or in his absence any person nominated for the purpose shall open the tender covers in the presence of the tenderers or their authorised agents, if they choose to be present on the occasion.

22. Over-writings, erasures and unauthorised alterations in the rates tendered should be scrupulously guarded against. Any alterations of the rates found at the time of opening the sealed covers to have been duly attested by the dated initials of the tenderer should be immediately re-

attested by the dated initials of the Registrar or any other person authorised to open the sealed covers.

23. A comparative statement of the rates tendered shall be carefully made out under the supervision of the Registrar and this statement together with the tendered rates and connected papers shall be submitted to the Syndicate in a confidential box.

24. Other conditions being equal, the lowest tender shall be accepted by the Syndicate; but the acceptance or rejection of tenders is left to the discretion of the Syndicate and no tenderer shall be entitled to be told the cause of the rejection of his offer.

25. In all cases in which the lowest tender has not been accepted by the Syndicate, there shall be a specific resolution of the Syndicate to that effect.

26. In cases where tenders are not invited, the estimated amount falling below the prescribed figure, the course adopted shall be to call for quotations from well-known firms or dealers, and the lowest rates, shall, as far as possible, be accepted.

27. An agreement shall be entered into with the successful tenderer. The form of the agreement may be determined by the Syndicate from time to time.

28. The period of contract shall not ordinarily exceed one year. In the case of general printing and binding, the Syndicate may invite tenders for periods ranging from two to five years at its discretion. Special contracts, however, may be made by the Syndicate in special cases.

Note.—These rules shall however not apply to confidential printing.

29. All agreements shall be signed by the Registrar on behalf of the University, provided that agreements in respect of contracts of the value of Rs. 500 and above, shall be written on stamped paper.

30. A fixed price or rate shall be settled for each article to be supplied or unit of work to be executed and the agreement shall not provide for rates fluctuating with the market.

31. Claims on account of printing and binding works executed for the University shall be subject to the technical scrutiny or check by the Superintendent, Government Press, Madras, or by any other agency duly appointed by the Syndicate in this behalf. Disallowances made as a result of such technical scrutiny will ordinarily be recovered from the printers and binders, unless the disallowance is partly or wholly objected to by the printers and binders and the Syndicate for reason to be recorded in writing is satisfied that the objection is in order.

32. *Works and Repairs.*—All original works, the estimated cost of which is Rs. 10,000, or more shall require the previous approval of the Senate. In respect of works and repairs including electrical fittings and repairs detailed estimates and plans shall be prepared ordinarily in consultation with the Madras Public Works Department and scrutinised and sanctioned by the Syndicate. Any deviation from the sanctioned original estimates or plan shall require the previous approval of the Syndicate.

33. *Scientific apparatus, Appliances, and Chemicals and Books and Periodicals.*—With regard to the purchase of apparatus and chemicals for research and experimental purposes of the University and the purchase of books and periodicals, the officer responsible for the purchase shall take all reasonable steps to obtain the articles from the cheapest source with due regard to quality.

34. *The Clerical and Menial establishments of the University.*—Save as otherwise provided in the Laws of the University, the rules and conditions governing the grant of leave and pension or gratuity, the payment of leave, and acting or duty allowances, compassionate allowances, gratuity, pension and commutation of pension, the condonation of deficiency or interruptions in service, extensions and the termination of service shall be the same as are applicable to servants in Corresponding Establishments in the service of the Government of Madras; and powers of

sanction in regard to these, shall be exercised by the Syndicate only to the extent to which they can be exercised by the Local Government, in respect of servants in Corresponding Establishments in their service. Any exercise of powers in excess of the above can be made only by the Senate.

35. A roll shall be maintained by the Registrar to show the sanctioned strength and scales of pay and allowances, if any, of the clerical and menial establishments in respect of each of the offices of the University. Every alteration, either in the strength, or in the scales of pay and allowance, shall receive the previous sanction of the Syndicate, to which should be submitted a proposition statement showing the present and proposed strength and scales of pay and allowances and explaining the necessity for the increase or decrease, as the case may be.

36. Temporary appointments in the clerical and menial establishments of the University, carrying definite rates of pay may be sanctioned by the Syndicate, ordinarily for not more than six months at one time; extensions may be granted by it from time to time, as occasion demands.

37. The power of creating and abolishing appointments, temporary or permanent, in the clerical and menial establishments of the University shall always be vested in the Syndicate.

38. Appointments to clerical posts shall ordinarily be made from amongst the candidates whose age does not exceed twenty-five at the time of appointment. The Syndicate however, shall have the power to grant exemptions in special cases up to the age of thirty.

39. The appointments, and conditions of services of and the grant of leave, vacation, pension, etc., to the other servants and officers of the University shall, be in accordance with the provisions of the Laws of the University.

40. The Syndicate shall issue to the Registrar such instructions as may be necessary to afford facilities for independent and thorough audit of the receipts and expenditure of the University. In cases in which any document required to be produced in audit cannot be so produced in

the interest of the University the Registrar shall obtain the special orders of the Syndicate and communicate a copy thereof to the Audit Department.

41. The Registrar shall be entitled to correct mis-statements of fact and to remove misunderstanding by furnishing further information, if necessary, in regard to audit notes but shall submit to the Syndicate for its orders all cases in which, in his opinion, there has been a trespass of the audit province.

42. The audit notes and further correspondence received from the audit department should be considered each time by the Syndicate or its Finance Committee before final replies thereto are issued from the University Office. All suggestions of the audit department to improve the finances of the University and system of accounts and any request to obtain the sanction of higher authority to any item of expenditure or to place before the Syndicate any irregularities, unauthorised or excess payments, shall be placed before that body as early as possible and its orders taken before replies are issued.

34. The Budget Estimates shall be presented to the Senate with such details as the Syndicate may from time to time prescribe. Eight months' actuals from April to November of the current year shall be shown in a separate column of the Budget Estimates against each head of account.

35. Demands for grants shall be put to the Senate for vote, account by account; in the case of the Fee Fund, the demand for grants under "General Administration" and under "Examination Charges" shall be put to vote separately.

36. Supplementary or additional estimates will be dealt with by the Senate in the same way as original demands for grants.

37. *Reappropriation of funds.*—Reappropriation means the transfer of fund from the allotment under one detailed head of expenditure to another under the same major head. The reappropriations may be sanctioned by the Syndicate (*vide* law 6 of Chapter XIV of the University Laws). But no reappropriation may be made without the sanction of the Senate, so as to increase the expenditure on an item, the provision for which has been specifically reduced by a vote of the Senate.

38. Details of reappropriation carried out in January, February and March of the previous year and in the nine months from April to December of the current year in which the budget estimates for the ensuing year are submitted to the Senate for sanction shall be embodied in the note to be appended to the above Budget Estimates.

39. *Expenditure.*—Payments from the University Funds shall be made by cheques only, except for small petty expenditure, in which case payments in cash may be made.

Note.—If moneys are required to be remitted by money order to the persons concerned, the Registrar shall draw a cheque for the amount in his own favour. In the case of moneys remitted to foreign countries by means of Bank che-

ques or Bank drafts, the cheques shall be issued in favour of the Bank which issues the Bank cheques or drafts or the respective accounts shall be debited direct by the Imperial Bank of India.

40. Any persons having a claim against the University will present a bill giving the details of the number and date of the orders of the University and of the supplies made and services rendered. The total amount of the claim shall be expressed in figures as well as in words; and the bills shall have been signed by the person to whom the amount claimed in the bill is due by the University. In the totals of bills six pias and more shall be rounded to an anna, and less than six pias shall be omitted.

Establishment Pay Bills.

41. Pay bills of Establishment should be prepared in the form prescribed by the Syndicate, separately for permanent and temporary establishments. Against each post should be shown the names of both the substantive and officiating incumbents, and against each temporary post should also be noted the sanction thereto.

42. The pay bills should be supported, wherever necessary, by an absentee statement in the form prescribed by the Syndicate.

43. The entries in the pay bills shall be carefully scrutinised by the Registrar and the bills will then be passed for payment under the dated signature of the Registrar. Cheques will then be drawn and issued under the signature of the Registrar in favour of the Officer of the University who is responsible for the disbursement of the amount to the proper payees. The dated signature of the payees should be obtained in acquittance rolls and stamps should be affixed to the receipts for payments of sums in excess of Rs. 20 (Twenty).

44. Amounts drawn but not disbursed to the payees before the end of the month in which they are drawn shall be refunded by shortdrawals in the next bill drawn.

45. Pay bills may be signed at any time on the last working day of the month and they are due for payment on the next working day. Pay bills of establishments which are not drawn by the Registrar but by the other officers of the University shall be presented at the Registrar's Office two clear working days before the end of the calendar month to which the claims relate

46. For the purpose of these rules the Vice-Chancellor, the Registrar, the University Professor, and Assistant Professors, the University Readers, whose salaries are paid out of University Funds, the University Librarian, the Editor and correspondent of the Tamil Lexicon Committee and the Directors, and Professors of the University Research Institutes, and such other persons as may be recognised by the Syndicate in this behalf shall be regarded as Officers of the University; other employees of the University shall be termed servants of the University.

47. Salaries and allowances may be paid in the case of the officers of the University upon the personal claim of the officer concerned and to his personal receipt. At the written request of the officer, the bill may be made payable to the Imperial Bank of India, Madras, or to any other Bank in Madras with which the University has regular transactions.

Note.—The monthly salary bills in the above cases may be signed by the officers concerned on the last working day of the month but the payment shall be made only on the next working day.

48. In the following cases separate bills may be presented at the Registrar's Office for pay due for part of a month and these bills may be paid before the end of the month:—

- i. When the person finally quits the service of the University, by retirement from service or otherwise or dies or is transferred to foreign service. •

- ii. When the temporary appointment ceases before the end of the month and the person concerned has no substantive appointment in the permanent establishment of the University or there are no officiating posts to which he can be appointed

49. A salary and scale register shall be maintained in the form prescribed by the Syndicate to record the payment of salaries and allowances to the officers and servants of the University, temporary and permanent, and payment of pensions, studentships and scholarships.

50. Pay, allowances or pension can be drawn for the day of a man's death, irrespective of the hour at which the death takes place.

51. Pay and allowances and pension claimed on behalf of the deceased officer or servant of the University may be paid without the production of the usual legal authority to the extent of Rs. 500 under the special orders of the Syndicate. The excess over Rs. 500 may be paid under the orders of the Syndicate on the execution of an indemnity bond with such sureties as the Syndicate may require, if the Syndicate is satisfied of the right and title of the claimant and it considers that undue delay would be caused by insisting on the production of letters of administration, succession certificate or probate.

52. The above rule shall apply, so far as may be, to cases of claim against the University preferred on behalf of the deceased persons who have rendered service to the University or made supplies to the University for which payments were not made before their death.

53. Cases of all officers and servants of the University whose service or conduct has been found during the year to be so unsatisfactory as to merit postponement of the increment or its temporary withholding or debarment from permanent promotion, shall be reported to the Syndicate for orders.

54. A history of service of all officers except the Vice-Chancellor of the University shall be maintained by the Registrar which shall be open to inspection by the officers concerned.

55. The claim form for pension or gratuity and the form known as the Registrar's and the pensioners' halves shall be those prescribed by the Syndicate.

56. Contingencies.—Claims for supplies made and services rendered shall, as far as possible and convenient, be preferred in the bill forms prescribed by the Syndicate. The bills shall be signed by the persons who are entitled to receive payment for supplies made or services rendered. The totals of all bills shall be expressed in figures as well as in words.

57. The entries in the bills should be carefully checked by the University office with reference to the details of the particular orders of the University according to which the supplies have been made or the services have been rendered. In the case of claims for services rendered or works executed, it should be seen that the persons authorized by the Syndicate to supervise and control any work or service, have recorded a certificate in the bills concerned that the work or service has been rendered fully and satisfactorily; while in the case of claims for supplies made to the University, it should be seen that the receiving officer or servant of the University has certified in the bills that the supplies mentioned in the bill have been actually received and are in good condition and up to the specifications stipulated and they have been brought to the respective stock accounts. If rates are settled beforehand the bills should also be checked with reference to such rates.

58. The pay or wages of menials and gardeners whose services under the University have not been rendered pensionable shall be debited to Contingencies and they will be drawn on contingent bills.

59. A subsidiary register shall be maintained with columns provided to show the names of Examiners, Question paper-setters and Superintendents of examinations.

the details of amounts due to them for services rendered, the date of issue of bills or cheques, as the case may be, and the date of payment. All claims not paid before the end of a year shall be extracted from the register and carried forward to the register of the next year.

60. All contingent charges which are of a recurring nature or payable at periodical intervals (such as payments made on account of electric charges, telephone charges, Municipal taxes, supply of newspapers and periodicals, etc.), shall also be recorded in separate pages of the scale register.

61. *Permanent advance.*—If petty expenses are to be incurred and paid before money can be drawn on regular cheques issued for the purpose, the Syndicate may allow any officer of the University to hold permanent advance of an amount fixed in each case by the Syndicate, on the supposition that recoupments will be made at least once a month. The expenditure from the permanent advance shall be accounted for in a separate register and the entries of charges, taken over to the General Account Book concerned.

62. *Travelling allowances.*—Travelling allowance bills should be checked to see that the journeys have been performed in the interests of the University, that rates claimed therein are in accordance with those sanctioned by the Syndicate, that the railway fares, etc., claimed are correct with reference to railway fares tables, etc., and that the countersignature of the persons concerned has been obtained in all cases, where necessary. In cases where the special sanction of the Syndicate is necessary to the payment of travelling allowance, it should be seen that the necessary sanction has been accorded by the Syndicate and a reference to the number and date of the letter in which the sanction of the Syndicate was conveyed has been quoted in the bill.

63. *Record of payments—General.*—Payments made on any account from the University funds shall be immediately recorded in the General Account Books of the respective accounts and the initials of the Registrar shall be set against the amount of each payment.

64. A register shall be maintained to show the receipt of bills in the University office for payment, the nature, amount, and the date of disposal of each bill.

65. Payees' receipts should be obtained in all cases and they should be stamped if the amount paid in each case exceeds Rupees Twenty.

66. *Closing of monthly accounts and verification of balances.*—At the end of each month, the receipts and expenditure entered in the general account book shall be compared item by item with the entries in the Bank Pass Books and the balances agreed, the difference, if any, being explained in a foot-note in the general account book as under:—

General account book closing cash balances				
Deduct income (a) not yet credited into the Bank
Add amount of uncashed cheques detailed below (b)
Balance as per Bank Pass Book

Details of:—

(a).....	..
(b).....	..

In the case of Government and other Securities and fixed deposits with the Bank, the closing balances will be verified and agreed with the monthly certificates of balances furnished by the Bank.

Note.—The monthly closing balances shall be written in figures as well as in words and these shall be attested by the dated signature of the Registrar. All accounts except the Fee Fund Account shall be closed and signed by the Registrar by the tenth working day of the succeeding month. The Fee Fund account of a month shall be closed and signed by the Registrar before the 25th of the second month following that to which the transactions relate.

67. No money should be drawn from the Bank and no cheques should be issued unless required for immediate disbursements covered by actual supplies received or services rendered.

70. A stamp account shall be maintained for the purchase of Service postage stamps and for the ordinary stamps received in the course of correspondence. The value of stamps used in the day should be recorded therein and the entry attested by a servant or officer of the University approved by the Syndicate in this behalf. Once a month and whenever orders for the fresh purchase of stamps are to be issued, the balance on hand should be verified and the result of verification recorded in the Stamp Account over the dated initials of the concerned officer of the University.

71. Whenever a change takes place either temporarily or permanently in the personnel of any Officer of the University, a certificate of transfer of charge shall be given both by the relieved and relieving officers. The certificate shall indicate the date and hour of transfer of charge and also the description of valuables, money in cash, safe custody receipts, etc., received by the relieving officer from the relieved officer.

72. The Syndicate may frame, from time to time, subsidiary rules to carry out the provisions of these rules and such subsidiary rules shall, amongst other matters, provide for—

- (i) the maintenance of the various accounts of the University and collection of material for budget purposes and for the preparation of budget estimates,

APPENDIX B.

I. SUBSIDIARY RULES.

Referred to in Rule 72 (i) of the Account Rules.

(a) MAINTENANCE OF THE VARIOUS ACCOUNTS OF THE UNIVERSITY.

1. The financial transactions of the University are recorded in a main account. The object of this account is to bring together in one place the income and expenditure of the University so as to enable the Syndicate to find out at any given time the financial position of the University.

Main account

2. The main account is balanced every month. The entries under the various classified account heads, are tallied with the separate accounts wherever maintained, and a certificate of agreement recorded in the main account every month by the Registrar. The monthly account will then be circulated to the Finance Committee for information.

3. Apart from the main account, various subsidiary accounts are maintained either to help the maintenance of the main account or to satisfy the statutory requirements to keep a certain specified account separate.

Subsidiary accounts

4. The following are the chief subsidiary accounts that are maintained:

1. Fee Fund Account.
2. Travelling Allowance Account.
3. Statutory Grant Account.
4. University Library Account.
5. Economics Department Account.
6. Indian History Department Account.
7. Research and Development Account.
8. Vice-Chancellor's Salary Account.

5. The accounts of receipts are posted from the original chalangans or Bank intimations, or intimations from the Accountant-General or G. O. sanctioning grants, and the entries attested by the Accountant. At the end of each quarter, the Accountant will bring to the notice of the Registrar any points of interest, as grants unrealised, credits unacknowledged, etc., and the Registrar will inform the Finance Committee of the action taken thereon.

6. The accounts of expenditure are posted from the vouchers, and no file order shall be endorsed on a voucher by the Accountant unless he has traced its record into the relevant account or accounts.

7. The detailed instructions for posting and maintenance of these accounts shall be issued to the clerks concerned by the Accountant who will be responsible to the Syndicate for the proper and up-to-date keeping of these accounts.

(b) PREPARATION AND SUBMISSION OF THE BUDGET.

1. It is highly important that estimates of the annual receipts and expenditure of the University should be framed as accurately as possible, and submitted to the proper authorities on the dates fixed. Due care ought to be taken by all authorities concerned to exhibit in their estimates, a correct account of the estimated receipts and expenditure, and while it is bad budgetting to omit or post-

General.

pone charges that are inevitable, it is worse to provide for receipts or expenditure that are not definitely expected. It is a fundamental principle that the University's annual budget must balance, and it should be prominently borne in mind by all concerned.

2. To facilitate the framing of the University's annual budget, the following offices and departments of the University are treated as separate units:

- (1) Registrar's Office.
- (2) Department of Indian Economics.
- (3) Department of Indian History and Archaeology.
- (4) Department of Mathematics.
- (5) Department of Philosophy.
- (6) The Oriental Research Institute—
 - (a) Sanskrit Section.
 - (b) Dravidian Section.
 - (c) Islamic Section.
- (7) University Scientific Departments:—
 - (a) Zoology.
 - (b) Botany.
 - (c) Bio-Chemistry.
- (8) University Library.
- (9) The Tamil Lexicon.

3. As required by Law 7 of Chapter VII of the Laws of the University the budget estimate for the ensuing year must be sent six weeks in advance of the annual meeting of the Senate in March of the current year. Before despatch to members of the Senate, the estimate should be carefully scrutinised and passed by the Finance Section of the Registrar's office, the Finance Committee of the Syndicate, and the Syndicate itself. To

facilitate careful scrutiny by these authorities the following due dates are fixed:—

December	1st Monday	Returns to reach the Finance Section.
January	1st Week	Submission to and approval by the Vice-Chancellor.
"	2nd Week	Circulation to the Finance Committee of the Syndicate.
"	Thursday of the 2nd week.	Finance Committee meeting to consider the Budget.
"	Monday of the 3rd week	Circulation to the members of the Syndicate.
"	Saturday of the 3rd week	Syndicate Meeting.

4. The various departments and sections of the office of the University should take care to observe the dates fixed for the submission of the budget returns. They will take up the work early in November and proceed to prepare their returns bearing in mind the instructions noted below.

5. The Budget return or statement is designed to contain figures for three years, viz., accounts of the previous year, budget and revised estimates of the current year, and the budget estimates of the coming year, and the facts and figures relating to all the three years, should be placed before the Syndicate in an accurate and lucid manner in the form specified for the purpose. (*Vide Annexure*).

6. The accounts i.e., actual expenditure of the previous year, as audited by the Examiner of Local Fund Accounts should be posted in the column intended for the purpose.

Actuals of the previous year	
---------------------------------	--

7. There is a column provided for recording the actuals for eight months of the current year. The figures that are available in the classified abstract are to be entered in this column.

Actuals for eight months	
-----------------------------	--

8. This is an estimate of the probable income and expenditure of the current financial year. It should be clearly understood that the revised estimates make no provision for any expenditure whatever; and an entry in them carries with it no authority for

Revised estimate for the current year	
---	--

expenditure of any kind. The Revised Estimates are not appropriations of money; nor do they supersede the budget estimates as the basis for the regulation of expenditure. The Revised Estimates are not the proper channel for securing supplementary appropriations if needed.

They must be prepared with care so that they may closely approximate to the actuals; their accuracy is important since they serve to indicate alike the closing balance of the year and the approximate amount of the funds which must be provided for the coming year.

There are various modes of framing the revised estimates. Each department must adopt a method most suitable to it. The following are a few methods which are usually adopted:—

(i) adding to the ascertained actuals of past months of the current year those of the closing months of the previous year; or,

(ii) assuming that the actuals in the remaining months of the current year will be in the same proportion as those in the earlier months, e.g., if the first four months gave X, the last eight months would give 2X; or

(iii) working out a proportional estimate arithmetically, as follows:—

Let (b) be the amount recorded in the accounts of the current year to the end of the latest month of which the figures are known;

(a) the amount recorded to the same date of the preceding year, or, if the figures of that year were abnormal, those of the latest year in which they were normal;

(c) the total amount recorded in the accounts of the year from which (a) is taken; and

(d) the proportional estimate.

Then $a : b :: c : d$

84--b

Any method that suits most the particular head of account for which revised estimates are framed may be adopted. If the amount under any head of account is fixed, or if the entries are subject to regular influences, but are irregular and fluctuating, the third method is inapplicable. If comparison with the previous year is impracticable, the second method is preferable. The figures finally arrived at should also be corrected with reference to what is known, or can be ascertained, of the history of the past and the expectations of the coming months, and regard should be had to the experience of previous years.

9. I. Receipts.—The Registrar's office is mainly responsible for estimating the receipts of the University. The items that are fixed and statutory, offer no difficulty but other items as fees, etc., should be carefully estimated with reference to past years' actuals, and the conditions in the province in so far as they relate to University life.

II. Expenditure.—Estimates should clearly distinguish between (a) standing sanction and (b) schemes of new expenditure—

(a) refers to the normal recurring expenditure of each department, as 'pay' of the staff, 'contingencies', etc., which should be based on the budget estimate for the current year corrected with reference to changes which have been sanctioned and given effect to up to the time of the preparation of the budget; and

(b) refers to all schemes of expenditure, whether approved by the competent authority or not, but to which effect has not been given and for which funds have not yet been provided.

10. In preparing the estimates for Part (a)—the figures must be actually worked out in detail head by head, with reference to actual pay, etc., drawn for pay of the staff, the increments that will actually fall due in the course of the year for which the estimate is framed, the amount required for the temporary establishment, if any, for the actual period for which they are employed; the

amount required for allowances and honoraria, if any. For contingencies, the actuals for the past three years should be carefully gone into before the amount required for the current year is arrived at.

11. Part (b) statement should clearly show separately:—

(i) Schemes which have already been sanctioned subject to provision of funds in the coming year; and

• (ii) schemes which have yet to be examined. The estimates under this head should contain full explanations of all details and a statement of the cost, recurring and non-recurring, that will be incurred both in the budget year and later years. In the case of recurring expenditure, the estimated cost in the budget year and the ultimate recurring cost should be given. In the case of non-recurring expenditure which will be spread over a series of years, a forecast of the expenditure in each year should be given.

12. In addition to the above rules the estimating authorities should pay due regard to the following points:—

(i) Supplementary demands, and expenditure in Supplementary excess or outside the budget are budget extremely inconvenient and viewed with disfavour by the Syndicate. So, care must be taken to ensure that no scheme of sanctioned expenditure which will be continued in the coming year is omitted from the estimates. Items that await sanction, but of which the estimating authorities are certain of making out a strong case for sanction, should be mentioned, though proposal to provide funds should not be taken as regular application to get the necessary sanction for a new scheme of expenditure.

(ii) Budget estimates are not the place for making proposals to increase the establishment, or sanction new schemes of expenditure.

(iii) Fixed charges are not to be taken as fixed for all times. They must be carefully reviewed, especially expenditure on supplies and services, and contingencies, since the time of the preparation of the budget is the most convenient time for suggesting economies.

(iv) Net receipts and charges should not be entered, the gross transactions should be exhibited in full except where definite instructions to the contrary have been issued by the Syndicate.

(v) Each Department should estimate for all the receipts and charges with which it deals finally; and heads of accounts prescribed in Financial and Account Rules should be kept distinct.

(vi) Estimating authorities should explain clearly, in the column provided, material variations between the revised and budget estimates of the current year and between the revised estimate of the current year and the budget estimate of the coming year. Any additional appropriations sanctioned after fixing of the budget for the current year should be indicated, the authority being quoted.

(vii) In cases of expenditure which are met partly by Government and partly by the University, or expenditure partly or wholly met out of endowments, etc., the explanatory column should specify the estimates classified according to the source from which the expenditure is proposed to be met.

(viii) The entry of lump sums for schemes or anticipated schemes is objectionable, and will, as a rule, be ruled out by the Syndicate.

13. The Budget Estimates prepared in accordance with the instructions contained in rules 1 to 12 *supra*, will be received in the Finance Section of the Registrar's Office. The Accountant will generally scrutinise the statements with a view to see (a) that the actuals of the previous year, the budget figures for the current year and the arithmetical calculations are correct, (b) that the pay of the officers and servants of the University are correctly estimated for with reference to the sanctioned scales and specific sanctions, if any, of the Syndicate, and that provision is made for leave salary and for increments falling due within the year, (c) that provision has been made for all sanctioned items of expenditure, (d) that provision has not been included for unsanctioned items, and (e) that necessary provision is made for recoverable items, as advance, etc.

14. The Finance Section will then consolidate and make out in the prescribed form the 'Budget Estimate' of the University. The notes, explanations, etc., will be carefully scrutinised and embodied in a consolidated statement in as brief and as clear a manner as possible.

15. The Finance Section is responsible for the final form and accuracy of the Budget Estimate, the notes relating to each item and the budget memorandum prepared for the guidance of the Syndicate. The notes or explanations will set, as already described above, the special features of the items provided and the important variations between the budget and revised estimates of the current year and between the revised estimate for the current year and the budget estimate for the ensuing year. The memorandum is an important document and its comprehensiveness and accuracy will aid the Syndicate a great deal to efficiently discharge its fiscal responsibility to the University.

16. The Budget memorandum may, therefore, consist of, (a) Review of the fiscal administration for the past year, (b) The financial position for the current year, (c) the budget estimate for the coming year, and (d) Criticism and suggestions.

(a) *Review*:—Figures under important heads for the past three years will be indicated to show the tendency of receipts and expenditure. The accuracy of estimating and control exercised over expenditure may also be briefly indicated.

(b) The opening balance under various heads, the total amount spent under the important heads, the sums available for expenditure, re-appropriations, if any, that are essential and the anticipated closing balance, may be set out in this part.

(c) This is the central part of the memorandum. Each head of account should be dealt with separately and the proposals explained in a language that would be understood and in a manner that would be followed by men not well acquainted with the technique of budgetting.

(d) This part views the proposals in (c) as a critical and zealous Senate may be expected to view. The Budget estimate as a whole, must be analysed to find out first, the extra expenditure over the current year. The total extra expenditure must be split up and each sum traced to the head responsible for the increase, minor increases being omitted. Striking increases must be taken item by item and explained how far they represent inevitable expenditure, how far avoidable for the year, and how far extravagant. The remarks must be in the form of a statement of facts and no aspersion must be cast on any estimating authority. Suggestions at the end of the review may also be made in regard either to the reform of the methods of budget estimating or the control over expenditure.

17. The consolidated statement of the budget estimate and the memorandum will then be submitted to the Registrar. The Registrar will carefully edit the memorandum, add his own remarks and submit both to the Vice-Chancellor. The Vice-Chancellor will then order the Budget Estimate and the memorandum to be circulated to members of the Finance Committee, with his suggestions, if any. Before circulation, the Vice-Chancellor may order any changes he considers necessary to be effected either in the Budget Estimate or in the memorandum.

18. The Convener of the Finance Committee will then check the Budget Estimate and the memorandum, draw up a short memo of points that require in his opinion, special scrutiny, have them re-examined by the Finance Section, if he so desires, and put the Budget Estimate and memorandum before a meeting of the Finance Committee for its approval.

19. The Finance Committee will in a meeting consider the Budget Estimate and the memorandum, and recommend its submission to the Syndicate with such suggestions and alterations as it may consider fit.

20. The Syndicate will consider in a meeting, the Budget Estimate and its memorandum together with the suggestions of the Finance Committee, and pass the esti-

mates, by each account head, and will decide by a specific resolution the manner in which the Budget Estimate should be placed before the Senate for its approval. The memorandum as prepared by the Finance Committee may be suitably altered by the Syndicate and so much part of it as explains the figures of the estimates for the coming year, and such parts that explain items of financial interest to the University—as important orders of Local Government bearing on University's finances may be ordered to be printed as annexures to the Budget Estimate presented to the Senate.

21. The heads of the various departments of the University are responsible that the rules for the preparation and submission of the Budget are followed, and they are expected to devote their personal attention to this.

II. SUBSIDIARY RULES.

Referred to in Rule 72 (ii) of the Account Rules.

CHECK OF CLAIMS BEFORE PAYMENT.

(1) These rules are subsidiary to the Madras Act No. VII of 1923 as amended by Act XII of 1929 and Financial and Account Rules. They must be interpreted and applied with due regard to the spirit and specific injunctions of the Financial and Account Rules, and only so far as they do not contravene the provisions of Act VII of 1923, amended by Act XII of 1929.

(2) the claims of the University for payment consist ordinarily of the following classes:—

- (a) salaries, pensions, and leave allowances of officers and servants of the University;
- (b) travelling allowance to officers, servants, and members of the various authorities of the University;
- (c) supplies and services;
- (d) claims of printers, binders and suppliers of stationery;

- (e) contingencies;
- (f) claims to remuneration by Question Paper Setters and Examiners;
- (g) Examination charges incurred by Superintendents of University Examinations;
- (h) miscellaneous charges;
- (i) works and repairs.

(3) The following general principles must be borne in mind before the claims of any class specified in Rule 2 above are admitted for payment.

1. It should be seen—

- (a) that there is sanction of competent authority for incurring any charge; and
- (b) that funds to cover the charge during the year have been provided by competent authority.

(4) Pay, leave salary and other monthly recurring payments become ordinarily due for payment only on the expiry of the month to which they relate.

Exceptions.—

- (a) When a University Servant or officer proceeds on leave out of India, and desires to draw his allowance out of India;
- (b) When his term of service with the University terminates before the end of a month.

(5) Pay and Travelling allowance bills, etc., must be presented in the prescribed form, and in the case of Travelling allowance bills if the claim requires the countersignature of any authority it must be seen that the bills are so countersigned.

(6) All payments are to be made payable in Madras, except in the case of Treasuries, where the Registrar can issue cheques on Treasuries in the mofussal with which the University has a banking account,

(7) If any payment is due to a person absent out of India, he must make his own arrangements to receive it in India. But if he desires payment to be made to a recognised Bank outside India, the Registrar may arrange at the payee's cost to send a draft through the Imperial Bank of India. Salary or pension payable out of India may be made through the High Commissioner for India, by arrangement with Audit Department.

(8) The first payment of pay to a University Servant or officer after confirmation can only be made after the production of health and other certificates that may be prescribed by the Syndicate.

(9) The last payment should not be made to an officer, or servant who finally quits the University's service by retirement, resignation, dismissal or who dies or who is placed under suspension until the Syndicate has satisfied itself, by reference to records or by such other methods as it may specify that there are no demands outstanding against him.

(10) The Finance Section is responsible for correct deductions of Provident Fund, and Income-tax, and advances recoverable that may have been sanctioned.

(11) The pay of a University servant while on duty is exempt from attachment for debt to the extent of:—

- (a) the whole pay, where it does not exceed Rs. 40 monthly;
- (b) Rs. 40 monthly, when the pay exceeds Rs. 40 and does not exceed Rs. 80 monthly; and
- (c) one moiety of pay in any other case.

Leave salary, if less than pay, is wholly exempt from attachment, but leave salary which is equal to pay, is liable to attachment to the same extent as pay while on duty.

(12) Fines imposed on inferior servants for neglect of duty, etc., are to be recovered by deduction from pay and consequent short drawings from bills.

(13) Expenditure on contingencies must be usually understood to comprise charges incidental to the management of an office as an office, (e.g.), purchase of ordinary furniture, stationery, etc. Supplies and services comprise those charges which are incidental for the technical working of the department concerned, (i.e.), charges which are not merely incidental but are, for the most part, peculiar to the department in which they are incurred, (e.g.), exhibits coins, etc., for a sectional library or Laboratories. Claims for contingent charges and for supplies and services should be scrutinised with reference to—

(a) adequate sanction;

(b) rates, etc., if any agreed upon; and

(c) certificate of the spending authorities for charges incurred and services rendered or supplies made.

and in no case should the amount for the claim be drawn unless money is required for immediate disbursement.

(14) Sanction for refunds is always accorded by the Syndicate in accordance with the laws of the University, and no claim for a refund shall be admitted unless specifically authorised by a resolution of the Syndicate.

(15) For claims on journeys undertaken on University business and in the University's interests, it should be generally seen that the journey was actually performed, and was necessary, and was performed by the cheapest route; that no bill has been submitted for it before; and that the amount drawn is correct.

(a) *Pay Bills and Pension Claims.*—

(1) The officers of the University are entitled to present their bills for their pay and leave allowances. The claims of the establishment of the Registrar are prepared in a consolidated form by the Finance Section while those of the establishment of the other departments are prepared by the heads of the respective departments.

(2) To facilitate work in the Finance Section, pay bills and claims to leave allowances must be presented two clear working days before the end of the calendar month to which the claims relate.

(3) On receipts of the bills, the Finance Section will issue a token as acknowledgement to the claimants and will proceed to admit the claims, and issue cheques in satisfaction of the claims, if admitted in the manner specified below.

(4) The bills to be prepared for the Registrar's staff will be made out according to the sanctioned strength of the different scales of pay, as for example;

REGISTRAR'S ESTABLISHMENT.

- (a) Chief Superintendent; Superintendents;
- (b) Clerks, Upper Division;
- (c) Clerks, Lower Division;
- (d) Menial establishment.

and these together with the bills presented by other departments or officers will be scrutinised with reference to—

- (a) sanctioned strength as noted in the Scale Register;
- (b) pay and deductions if any as noted in the concerned account books;
- (c) leave allowances with reference to absentee statement, sanctions of leave, etc.;
- (d) arithmetical calculations to see whether the net figure claimed has been correctly arrived at and entered on the body of the bill in

red ink as:

		Rs. A. P.	
Admitted	Pay, Leave allow- ance, etc.,	} of {	Officer or Establish- ment.
			Gross Deductions
			Net.

and the net amount payable noted both in figures and words.

(5) The bills checked in the manner specified above will then be entered in the respective account books and placed before the Accountant. The Accountant's duty is to see that checks prescribed in Rule 4 have all been carried out, to initial entries in the Account books, to satisfy himself that deductions to be made, advances recoverable, if any, attachments if any, etc., are all correctly recovered and noted in the accounts concerned and thereafter to pass the net amount for payment.

(6) The bills will then be handed over for cheque writing. Person who writes the cheque will use clear indelible ink and will carefully prepare a cheque with reference to the net amount passed. The name of the claimant and the net amount admitted will be noted in the counterfoil of the cheques drawn, the bills themselves being placed in the respective cages of the cheque book, and sent to the Accountant who will scrutinise the entries in the cheque, initial in the counterfoil and send them to the Registrar, for signing the cheques.

(7) The Registrar, will see by a rough scrutiny that the bills have gone through all the formalities prescribed satisfy himself whether the cheques have been drawn out for the net amount admitted and sign the cheque taking care to attest fully any additions and alterations made in the cheque. He will send the cheques and bills through a reliable messenger, preferably in a locked box, to the Accountant. The Accountant will sort out the bills, retain the cheques and hand them over to the respective clerks, who will stamp them as '*Paid Cheque No.*' and file them in the manner specified.

(8) The cheques will then be handed over either by Accountant, or by an authorised Senior Clerk to the claimants on their handing over the tokens. If a claimant does not turn up before the expiry of 10 days, after he has presented his claim he will be sent an intimation to come and receive payment within a week and after the expiry of that time, the cheque will be cashed and sent to the payee by Money Order at his own expense.

(9) A bill for a claim to pension is always presented by the Pensioner. The Pensioner should present his bill in the specified form himself in person or through an acknow-

Pension

•
ledged Bank. The amount claimed should be checked with the sanctioned amount as noted in the Scale Registrar, and payment noted in the Pension payment Register and claim paid, in cash as far as practicable. In cases in which pensioners get paid through Banks, it is important that life certificates signed by responsible persons should be insisted upon, at least once a year; and if the claim is presented by his Agent or Messenger and the amount is payable to his Agent or Messenger, it should be supported by a Life Certificate.

•
(b) *Travelling Allowance and other claims on the University.*—

1. The general procedure prescribed above for the preparation of bills and payment on claims will apply *mutatis mutandis* to these claims. Special points that require separate mention are alone noted below:—

2. (a) The general rules prescribed above, the Financial and Account Rules, the Standing Orders and Ordinances of the Syndicate or Statutes bearing on the claim for Travelling allowance should be carefully borne in mind before a claim to Travelling allowance, Examiner's fees and such other allowances are admitted.

(b) Each clerk who deals with these claims ought to be supplied with a copy wherein the Ordinances, Rules, etc., mentioned in Clause (a) above are incorporated, and the Superintendent of the Finance Section should see that these copies are kept up-to-date.

(c) Each class of claim should have a separate record of payment; Travelling allowance to Members of the Senate; Travelling allowance to Members of the Syndicate; Travelling allowance to Members of the Academic Council; Examiner's fees, etc., and it is the duty of every clerk to see that after a claim is admitted, a record should be made in the relevant Account books and attested by the Superintendent.

(d) The claim must be admitted only to the extent clearly admissible under the letter of the rules; and the office should not enter into any controversy with the claimant in cases of disputes but should merely direct him to apply to the Syndicate.

(c) *Supplies and Services, Printing, Stationery and Binding.*—

(a) The instructions in Rule (b) 2 above apply *mutatis mutandis* to these classes of claims also. In addition it should be seen whether the agreement required by the Laws of the University for these classes of claims has been entered into and whether the claim has been prepared in accordance with the conditions prescribed in the agreement and the claims must be admitted only after reference to the rates, etc., fixed in the Agreement. In cases of doubt, previous orders of the Syndicate must be obtained. It is also essential to see that the receiving authority certifies to the quality and quantity of goods supplied and that the provisions of the relevant rules of the Financial and account rules are satisfied.

(d) *Contingencies.*—

(i) *Those incurred from the permanent advance.*—

(1) Rule 61 of the Financial and Account Rules regulates the procedure for incurring petty charges on contingencies. In these cases it is enough to see—

(a) that vouchers are attached to bills for charges for which audit requires vouchers to be submitted.

(b) that the budget allotment is not exceeded and,

(c) that the various spending authorities do not exceed their powers of sanction.

(2) The bills after they are admitted for payment will be duly en faced and the amounts paid entered in the relevant account books.

(ii) *Other Contingencies.*—

Expenditure on contingencies that is not met out of the permanent advance are usually incurred on the Syndicate's sanction. This must be treated as a separate class, watched against the allotment separately and recorded in the Account Books concerned.

(e) *Remuneration to Examiners, Etc.—*

In addition to the checks prescribed in Rule 2, the following precautions must be taken before charges are incurred in connection with the University Examinations.

(i) The Examination Section gets a statement prepared by the Examiners giving the details of their claims. The statements are scrutinised with reference to the data available in the Examination Section and posted in a register giving the following details for each examination:—the total number of papers in each subject, the number of papers distributed among several examiners, the number of candidates registered, the number of absentees, and the number of papers valued.

(ii) The Register is then sent to the Finance Section which fills in the scale of fee and calculates the amount due to each examiner for each subject at the sanctioned rate. A consolidated statement is then prepared from this register showing the amount due to each Examiner and the sanction of the Syndicate obtained for payment. Bills received from each Examiner are scrutinised with reference to this sanctioned consolidated statement and payments made by means of cheques drawn on the Imperial Bank or drafts obtained from them or by cheques on Mofussil Treasuries.

(iii) Government servants are required to get sanction of heads of Departments under Fundamental Rule 47 before accepting payment for services rendered to the University. Such sanctions are usually required before payments are made to them.

(f) *Examination charges incurred by Chief Superintendents.—*

Chief Superintendents of Examinations are permitted to draw advances for contingent charges for conducting the examinations. On the conclusion of the Examinations a detailed bill in the prescribed form has to be submitted to the Registrar supported by vouchers for charges incurred and treasury receipt for balances of advances refunded. The admission of these charges shall be regulated by

detailed rules in the instructions to Examiners and Superintendents and those charges not covered by specific instruction shall not be admitted without the previous sanction of the Syndicate.

(g) *Miscellaneous Charges.*—

No charges under this head are incurred without the specific sanction of the Syndicate. These charges are usually those that are incurred by way of Grants to conferences to University Training Corps, etc. Sanctions of the Syndicate are noted in detail in a miscellaneous charges Register and when authorised persons or authority applies for the sanctioned payment, payment is made by the finance section after satisfying itself that the specific directions of the Syndicate regarding payment of the particular grant applied for are thoroughly carried out and that funds have been provided for. A note of such payment will be made against the recorded sanction. Amounts sanctioned if not drawn before the expiry of the financial year will lapse and further payments cannot be made unless sanctioned afresh.

(h) *Works and Repairs.*—

Lumpsum contract *General.*—These rules regulate expenditure on works.

1. Powers of sanction shall be as fixed in the Act, Financial and Account Rules, and the following rules shall be held to apply only as regards payments and their record.

2. Works in the University, excepting petty works, annual repairs, etc., should be conducted on the advice of a competent firm of Engineers and the Execution of the work is entrusted to Contractors under their supervision.

3. In a lump sum contract, the contractor agrees to execute a complete work with all its contingencies in accordance with specification for a fixed sum the following being its essential characteristics.

(1) A schedule of rates is specified in order to regulate the amount to be added to or

deducted from the fixed sum on account of addition and alterations not covered by the contract.

- (2) Except as provided in clause (1) no addition is made in the contract to the sanctioned estimate of the work, schedule of rates or qualities of work to be done.
- (3) Detailed measurements of the work done are not required to be recorded except in respect of additions and alterations.

4. Subject to the term of the contract and such subsidiary instructions as may be laid down by the authorities to ensure that the works are executed in accordance with prescribed specifications, plans and drawings, payments for work done are not made to the Contractor otherwise than on the certificates of the officer in charge of the work, as detailed in paras 5 and 6 below.

5. Whenever it is proposed to make any intermediate payment, a certificate should be obtained from the officer in charge of the work, to the effect that by superficial or general measurement or by some other suitable method (which should be specified) he has satisfied himself that the value of the work done is not less than a specified amount in conformity with the contract, agreement and that with the exception of authorised additions and alterations, it has been done according to the specification.

6. In the case of final payments, in addition to a record of detailed measurements in respect of additions and alterations, there should be a certificate of completion of work according to the specification, signed by the University Engineer.

7. In order that a proper financial control may be exercised over the payments made, it is necessary that the accounts of additions and alterations should be kept quite distinct from those of the rest of the work. There is no objection to payment for additions and alterations

being made before the completion of the work, if the detailed measurements of them have been made.

8. The forms of bills used for payments in connexion with lump sum contracts are P.W.D. Code forms 27-A and 27-B standardized as items 75-A and 75-B under Group VI.

9. Form 27-A (P.W.D. VI-75-A) is intended for intermediate payments which may be made to the Contractor in accordance with his contract. No details of work done need be reproduced in the bill but a reference should be given to the number and page of the measurement book in which the measurements of additions and alterations are recorded. Form 27-B (P.W.D. VI-75-b) is intended for final payments made to the contractor. The details of additions and alterations alone should be given in the bill. For the rest, the certificate prescribed in para 6 above will be sufficient. As a further precaution the Contractor should be required to add to his acknowledgement in his own handwriting a statement that he has received the payment in full settlement of all demands.

Note.—The form of final bill has been printed on yellow paper to distinguish it from that of the running bill.

10. All intermediate payments made to the Contractor and so acknowledged by him are regarded as advances made to him on account of the work concerned and are brought to account in accordance with paras 11 and 12 below.

11. Payments for measured up additions and alterations as well as for the work covered by the lump sum for which no detailed measurements are necessary, are treated like advance payments and should be brought to account in the ledger under suspense head "Contractors—Advance payments" so as to facilitate a watch over the prompt adjustment of the payments made.

If a percentage or any other portion of the value of the work done is withheld as security for the due fulfil-

ment of the items of the contract the *net* amount remaining after the deduction of the portion withheld should be entered as advance payment.

12. Payments other than those specified in para 11 above may be other recoverable payments, including the value of materials supplied, which may have been made to the contractor. These should be entered in the ledger under the suspense head "Contractors-other transactions.

• From the final bill paid to the Contractor (Form 27-B) the total advances made to him in the running account bills (Form 27-A) or other recoverable payments will be deducted by short payment from the total value of work done, and the recoveries so made will be shown as *minus* figures under the suspense head concerned, in which *plus* figures will already be outstanding.

14. Accounts of these transactions relating to lump-sum contracts should be maintained in the Contractor's ledger, P.W. Account Code Form No. 43 standardized as item 91 under Group VI.

15. Columns 1 to 3, 7, and 11 of the ledger require no explanation. Instructions for filling in Columns 4 to 6 and 8 to 10 are given below:

Col. 4. Figure D of "I Account of work" in the running bill 27-A should be posted in this column.

Col. 5. As advances to contractors on the security of his materials brought to site of work is not permissible in lump sum contracts, col. 5 which is intended for accounting of such "secured advances" need not be operated upon. •

Col. 7. In the case of running account bills 27-A figure G (Item 7 (a) of "I Account of Work") should be posted in this column.

Note.--In cols. 4 and 6 debits to contractors should be posted as *plus* entries and credits as *minus* entries.

Col. 8. "Gross Transactions—Debits". If it is a running Account bill 27-A figure H. (items) 7 (b) and (c) of "I Account of work) should be posted in this column.

Cols. 9 and 10. As all "intermediate payments" made on Form No. 27-A are regarded as advances no figure therefrom will be posted in col. 9 which is intended to show the amount creditable to Contractors' account on account of the value of work done. The first and last entry which will appear in this column will be the figure 'F' gives in Part 1 of the Final Bill Form 27-B. Column 10 need not be posted at all.

Col. 14. Figures for posting the columns, 4, 6, 8, and 9 in the case of final bill (27-B) are indicated in the bill itself by the same distinguishing letters D. G. H. and F. respectively.

APPENDIX I.

UNIVERSITY LIBRARY, MADRAS.

In November, 1903, a proposal was received by the Government of Madras from the Madras University that a legacy of Rs. 25,619 bequeathed to it by the will of the late Mr. William Griffith, dated September 9, 1897 and received by the University on October 25, 1901, should be utilized for the establishment and organization of a library in connection with the University; and that the University should be associated with the management of the Connemara Public Library, with a view to making that a University as well as a Public Library. The Government agreed to the proposal and allowed the University the use of the Connemara Library buildings for the deposit of its books, provided that these books, while remaining the property of the University, are available to the general readers of the Connemara Public Library.

The Local Government in their order No. 203, Law (Education), dated 6th February 1923, accorded sanction to a reorganisation of the Library finances under which all the financial resources intended for the University Library hitherto shown in different accounts have been merged into a single consolidated account called the "Library Account." As a result of this the Library has a funded capital of about Rs. 4,16,100 in Government securities and in deposits in the Central Urban Bank earning an annual income of about Rs. 19,800. In addition the Library receives an annual recurring grant of Rs. 43,500 thus having a total annual income of about Rs. 63,300 towards the upkeep and maintenance.

Under Section 19, clause (t) of the Madras University Act of 1932, (as amended by the Madras Act XII of 1929), the Syndicate will manage the University Library.

The Laws regulating the administration of the University Library are embodied as Chapter XXIV of the laws of the University (*Vide* page 238 of Vol. I.)
